

Airport Pavement Workshop

Asphalt Pavement Design, Construction, and Maintenance

November 9 - 11, 2010 | Boston, Massachusetts

(Day 1 Start Time 8:00 a.m.)

The goal of this workshop is to provide up-to-date information for those designing, constructing, and managing asphalt airport pavements. This will include a review of current specifications and advisory circulars and detailed descriptions of materials as well as pavement design, construction, and preservation practices for airports.

Who Should Attend

The workshop is intended for airport managers and engineers, consultants, military engineering personnel, testing laboratory personnel, construction inspectors, and others who have responsibility for airport pavement design, construction, maintenance and rehabilitation.

Conference Location and Lodging

Hyatt Harborside at Boston's Logan International Airport
101 Harborside Drive
Boston, MA 02128

Reservations: (617) 568-1234
Reservation Deadline: October 18, 2010
Room Rate: \$159*/Night + Tax

**Please request Airport Pavement Workshop Rate*

To Register

\$995 per person | \$645 for FAA personnel

For questions, contact the Seminar Coordinator at **(859)288-4964.**

Register on-line at **www.asphaltinstitute.org**

Sponsored by the FEDERAL AVIATION ADMINISTRATION and the ASPHALT INSTITUTE

“Wonderful selection of instructors—clearly industry experts—great contacts made—my personnel will be in attendance at future courses.

Overall, great course and highly recommended.

The training materials are some of the best I've seen compared to other conferences.”

Highlighted Topics

- ▲ **FAA Thickness Design**
- ▲ **Pavement Evaluation**
- ▲ **Maintenance and Rehabilitation Methods**
- ▲ **Materials and Construction**
- ▲ **Quality Control and Assurance**
- ▲ **P-401 and Superpave Specifications**
