

Hot-Mix Asphalt (HMA) 101 (13 PDHs) A 2-day course - \$395

November 16-17, 2021^L_{SEP}

Who Should Attend^L_{SEP}

This course has been developed for those persons seeking a basic understanding of hot-mix asphalt pavements. It is intended to focus on areas critical to the successful construction of an asphalt pavement. This course is also valuable for individuals who plan to apply for field technician certification in Pennsylvania.

This 2-day virtual course taught by AI engineers provides participants with a solid foundation in:

- Asphalt Cements
- Aggregates
- Mix Design and Plant Operations (as they relate to field applications)
- Proper Hauling, Placement and Compaction Procedures

Seminar Location

Online

Course Schedule

8:00 a.m. - 4:00 p.m. Tuesday

8:00 a.m. - 4:00 p.m. Wednesday

Fees & Registration

The registration fee is \$395 and needs to be received prior to the course date. Fee includes course instruction and all course materials. Early registration is recommended as the class size is limited. Register online:
